

EALING DEAN ALLOTMENTS SOCIETY

MINUTES of zoom meeting, 4pm 21 February 2021 (on zoom)

Present: Penny Wark, Jane Morris, Richard Ashcroft, Tana Scott, Dominic Small, Jon Wilkins

Plots

- The site is fully rented; the waiting list remains in excess of 200.
- PW has attended an Ealing Allotments Partnership meeting as an observer and has been nominated to join its committee, taking CF's place. Involvement offers useful contacts and expertise.

Maintenance

- No March volunteer day – the situation for April to be reviewed at the next meeting.
- No pressing maintenance jobs outstanding, but the informal way of doing what is needed has been successful
- **12 yard skip to be ordered for 26 February**, initially for rubble from hedgerow clearance, then for general use. A further 12 yard skip could be ordered before the end of the financial year if this seems useful

Plot Inspections

- Keep the present pattern of reviews in May and October
- Flexibility about issuing non-cultivation letters is possible at other times
- Several plots need to be reviewed for non-cultivation notices

Summer Open Day is very unlikely in its normal form. Possibilities of anything on a smaller scale to be reviewed at next meeting when there may be more information in the public sphere.

Website The review of the website is ongoing
